

ALL SEASON LIGHT TRUCK TYRE

Riken Light Truck All Season

The perfect companion for your van no matter the season
For light trucks.

City cars

Compact cars

Saloon cars

People carriers

High cylinders

SUV, crossovers

Light trucks

ENHANCED TRACTION PERFORMANCES

- Traction tread pattern design helps to force transmitting on the different directions
- Design with 4 ribs (3 grooves) – good balanced void ratio for performance optimization in all seasons condition

SNOW PERFORMANCE

- Good winter performance for better handling in winter conditions
- M+S and 3PMSF markings on the sidewall

WET GRIP

- “B” level grading performance – no compromise in any conditions
- Good braking balance on wet and dry surfaces

ROLLING RESISTANCE AND ENVIRONMENT

- New crown technology helps to save energy

SERVE CUSTOMER NEEDS

- Good sidewall rigidity for better handling and increased endurance
 - Dynamical all season tread design and lean sidewall look
 - Innovation: new balancing wear indicator helps consumers to better manage their tyres' lifecycle and usage
- Benefit from our tyres designed and made in Europe!

Labelling

C-D	B	B	73 dB

Fuel efficiency (from A to E).
Grip on wet road (from A to E).
External rolling noise class (from A to C).
External rolling noise measured value (decibel).
