2022 TIRE REGULATIONS

ALLOCATION PER RACE:

**MICHELIN
POWER "SLICK":
28**

10 front slicks maximum

12 rear slicks maximum

Riders who participate in both Q1 and Q2:

- ✓ + 1 MICHELIN Front Power Slick (of the specification the riders prefer)
- ✓ 1 MICHELIN Rear Power Slick Soft

In the case that Q1 and Q2 sessions are both declared wet by the Race Director, the extra tires allocated will be rain tires.

In the case that Q1 and Q2 sessions are declared as different weather conditions (dry or wet) then no extra tire will be allocated.

**MICHELIN
POWER RAIN:
13**

6 front Power Rain of 2 specifications

7 rear Power Rain of 2 specifications

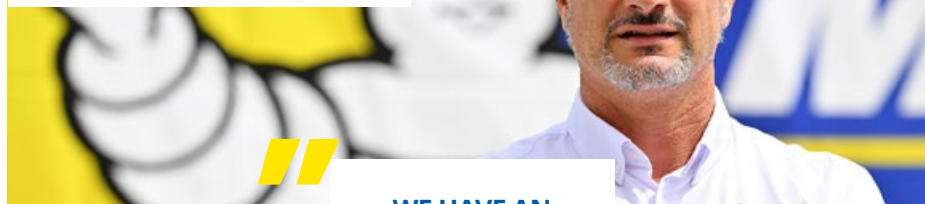

In the case that any 4 of the 5 sessions, being FP1, 2, 3, 4, and one Qualifying session (excluding warm-up), are declared wet, one more set of rain tires will be allocated to every rider, and the allocation automatically becomes:

7 Front rain tires, and 8 Rear rain tires.

PIERO TARMASSO

Michelin Motorsport
Two-Wheel Manager

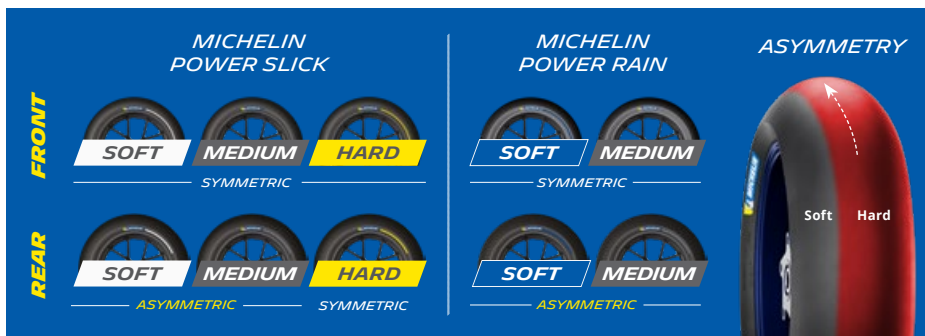

WE HAVE AN ALLOCATION FEATURING A SPECIAL CASING CONSTRUCTION

This is our fourth visit to Buriram, including one test, so we have built up some good data on what is required from our tire allocation. However, with such a long gap since our last visit in 2019 it will be interesting to see if the grip levels of the asphalt have changed at all. As a result, my team and all of the MotoGP™ teams, will no-doubt be eagerly awaiting the first Free Practice sessions of the weekend.

As has been mentioned many times in the past, this is a very severe track for

rear tires, as it generates a lot of heat in the rubber. For this reason, we have an allocation featuring a special casing construction, which we also use in Austria, to counteract

this situation. There have always been big crowds at Buriram ever since MotoGP™ arrived here in 2018, and the local fans are extremely passionate. I'm sure it will be the same again this year, especially after the break, and we will do our utmost to help put on a great show and make this a memorable weekend.

ENTRY LIST
