7th Annual Goldman Sachs Global Autos
Conference

December 3, 2015

An ambitious value creation target

- ▶ Deliver a structural €1billion Free Cash Flow from 2020*

(in millions €)

* At constant scope of consolidation

- ▶ Deliver a ROCE (after taxes) $\geq 15\%$ from 2020*

Activating 4 pillars to grow value creation

- 1 Innovation:**
innovate to drive differentiation and loyalty
- 2 Growth:**
drive faster growth
- 3 Competitiveness:**
continuously become more competitive
- 4 People**
increasingly committed and focused employees

Activating Group Levers

- Innovation, the Michelin's DNA

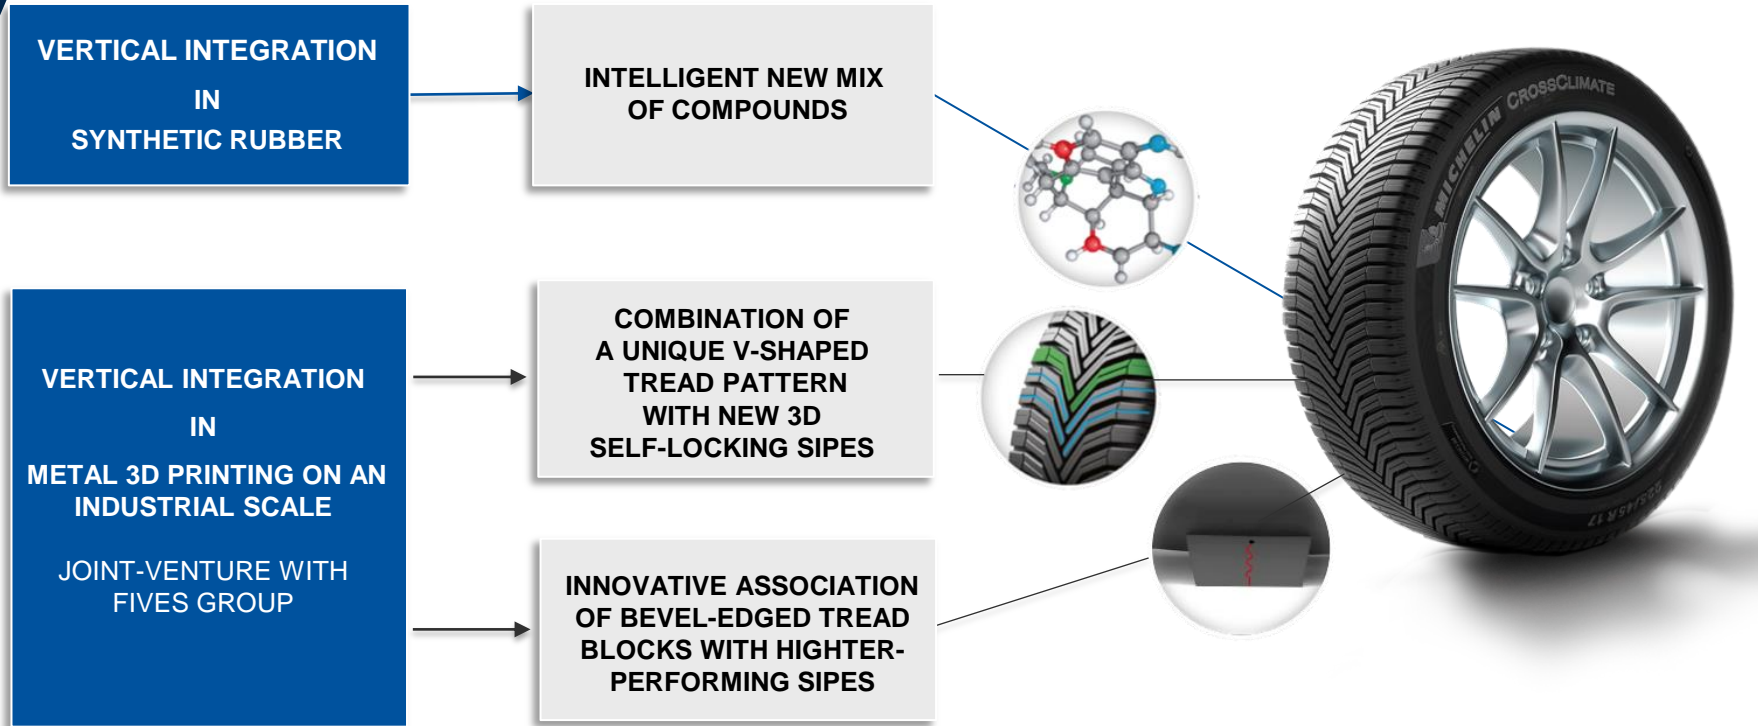

A Continuing Focus on Innovation through Michelin Innovation Ecosystem

Corporate Innovation Board

- Mission:
 - Define Group's innovation strategy to serve its growth
 - Govern the innovation dynamics in line with the strategy
- Achievements:
 - Speeding up innovation at Michelin Brand
 - Advanced marketing teams to ensure profitable go to market
- Mobility initiatives :
 - Tweel: successful incubator project resulting in a contract with an OEM and a dedicated plant
 - Michelin Truck tyre care

CrossClimate incorporates all latest technology and process innovations

Michelin ranks 1st in North America and in Europe in passenger car customer surveys

- ▶ 77 “J.D. Power awards” for MICHELIN, more than five times the awards received by all competitors together

Source: JD Power & Associates Awards, consumer satisfaction survey 1989-2014

- ▶ Performance recognized by European premium tire consumers

NPS (Net Promoter Score): panel of consumers that purchased tires in the last six months

- MICHELIN X Multi: Michelin main Tire offer for Long Haul Regional, Urban and On Road

December 3, 2015

7th Annual Goldman Sachs Global Autos Conference

1

Activating Group Levers

- Capturing Growth

Sustained long term market projections

▶ PC OE&RT market projection 2014-2020 *(in millions units)*

▶ TB OE&RT market projection 2014-2020 *Radial & Bias (in millions units)*

Source: Michelin

Natural hedging through a balanced geographic and product mix

► Breakdown of Group net sales

• Segment reports

• Geographical regions

• OE vs RT

Percentage contribution of each segment/region to total H1 2015 consolidated net sales

Production ramp up on schedule to foster volume growth

▶ Ramp up in new greenfield plants (in kt)

▶ Group > 17" capacity (base 100, in million of tires, MICHELIN brand)

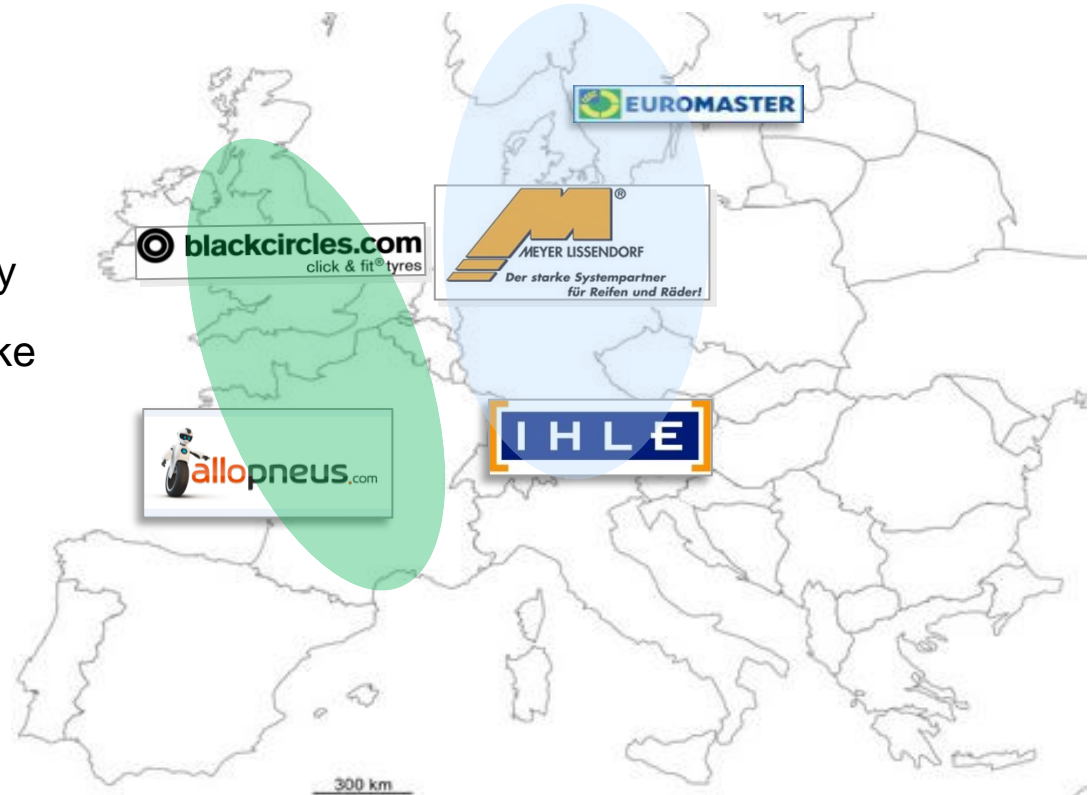

A Vast Network of Integrated and Franchised Dealers

Our objective : to exceed 5,000 outlets in 2020

Strengthening our market access in Europe by developing new distribution channels

- **Wholesale:** recent acquisition of Meyer Lissendorf and Ihle in Germany to guarantee quality of service for small retailers that have insufficient storage capacity
- **Online sales:** purchase of a stake in Allopneus in France and acquisition of Blackcircles in the UK

Products, distribution and services matching customer needs to capture growth opportunities

Services

- Offering innovative services to improve mobility *by*

Distribution

- Reinforcing our market access through a vast worldwide dealer network and new distribution channels

Product offer

- Developing profitable Tier 2 / Tier 3 brands to better serve Distribution

Innovation

- Strengthening the MICHELIN brand technological leadership

CROSSCLIMATE

TWEEL

PC tires 9m 2015: strong volume growth, steady mix improvement for the MICHELIN brand, sharp upturn in sales volumes for other brands

► Passenger car and Light truck volume growth vs market (9-month YoY, in '000 tons)

Activating Group Levers

- Competitiveness

The competitiveness plan will reach the 2015-2016 target of €500m offsetting annual inflation

	SG&A	Materials	Manufacturing & Transports	Total
2012-2016 Objective*	-€300m / -€400m	-€200m / -€300m	-€600m / -€700m	-€1,200m
Achieved**	-€381m	-€127m	-€362m	-€870m
Enablers	<ul style="list-style-type: none"> • Efficiency program • OPE • Shared Service Centers • Simplification 	<ul style="list-style-type: none"> • New lines • New materials • Scrap process materials 	<ul style="list-style-type: none"> • Best practices (MMW) • Standardization • Flexibility • Footprint optimization 	

* Before inflation and including avoided costs

** At September 2015

Competitiveness: Improve our Manufacturing Efficiency

▶ Average Plant size *(in '000 of tons)*

▶ Plant capacity utilization *(in % of maximum available capacity)*

	2013	H1 2015	Target 2018
PC / LT	85%	87%	≥ 90%
Truck	76%	83%	
Specialty	90%	69%	

November 3 announcement : Reorganization of Truck and Earthmover tire production base

- Unfavorable market trends in Truck tires Europe and Earthmover OE & Infrastructure
- Truck industrial footprint optimization in UK, Italy and Germany
 - Closure of the Ballymena Truck tire plant, the Fossano cable plant and the Oranienburg and Alessandria retreading plants
 - 1,508 jobs at stake
 - €265m investment in the UK, Italy and Germany over the next 5 years
 - Non-recurring restructuring charge of €280m in 2015
 - €140m in projected annual productivity gains
- Impairment on India OE/Infra Earthmover assets: non-recurring charge of €75m

The industrial reorganization projects will eventually deliver more than €140m in productivity gains a year

	2015	2016	2017	2018	2019	
						Total non-recurring expense
Non-recurring cost	(280)	0	0	0	0	(280)
						Following Years
Productivity		+13	+41	+89	+130	+140

2

Guidance confirmed

Guidance confirmed

	2015 unchanged
Volumes	Growth above markets
EBIT before non recurring	Up beyond currency effect
Structural FCF	Above €700m
ROCE	More than 11%

2015 scenario

	2015	2015 old
Impact of raw materials*	Around €550m tailwind	Around €600m tailwind
Price-mix / Raw materials	Indexed business: negative Non indexed business: neutral } Around -€100m	Indexed business: negative Non indexed : neutral
Competitiveness / cost inflation	Neutral over the year	Neutral over the year
Currency effect on EBIT*	Around €400m	Above €350m
Capital expenditure	Around €1,800m	Around €1,800m

* Based on September 2015 assumptions

2015 Group EBIT* margin increase driven by Passenger car and Truck

▶ EBIT* margin by segment of reporting in %

- Strong volume growth above market trend
- Strong H2 2015 profitability increase

- Priority focus on margins
- Volume growth slightly above market trends

- Cyclical market decline

* Before non recurring items

Invest to create value

► Succeed in our priority Capex and M&A investment to capture growth

- In the supply chain, to improve customer services (IS, logistics centers)
- In growing markets: PC premium tires, North America, Asia
- In Digital services
- In raw materials and semi-finished products

► Reducing the gap between capital expenditure and depreciation *(In € millions)*

A strategy committed to shareholders

- First tranche of €250m completed as of July 31
- Second tranche of €200m to be completed at December-end 2015
- Number of shares repurchased : 4,223,944 as of November 20, 2015
 - Purchase cost: €383m
 - Weighted average price: €90.78
- Pay-out target: at least 35% of Group Net Income (**excluding non recurring costs**)

2016 market outlook: 2015 trends continuing into 2016

MATURE MARKETS

North America strong momentum

- PC: H1'16 to benefit from low basis of comparison due to fewer Chinese importers on the back of US duties
- Truck : OE cycle plateauing

Europe benefitting from bottoming out macro economics

NEW MARKETS

Most markets impacted by economics linked to commodity prices except China

- PC OE: all markets at low level except China
- PC RT: negative trend except steady growth in China
- Truck OE & RT: continuing negative trends except in India

SPECIALTY MARKETS

Earthmover and AG markets impacted by commodity prices

- Mining: still weaker demand linked to last year of destocking
- OE Earthmover: negative trend
- OE AG: flat at low level

** in Europe & North America*

INTRODUCING THE
MICHELIN® PREMIER® TIRE

SAFE WHEN NEW

SAFE WHEN WORN

It's a new standard in safety: A tire whose tread, instead of simply wearing down, evolves with its rain grooves expanding and new grooves emerging for extra water evacuation and a high-traction compound for increased wet grip. Even when half worn, the MICHELIN® Premier® A/S tire is still safe—thanks to EverGrip™ wet-braking technology. The MICHELIN® Premier® A/S tire still stops shorter on wet roads than leading competitors' brand-new tires.* Bringing multiple performances together with innovative technologies to deliver the total performance all drivers need—that's MICHELIN® Total Performance™. Learn more at michellman.com/premier.

 **MICHELIN®**
Total Performance™

 **MICHELIN**
A better way forward

*All tires eventually wear out and should be replaced. Half worn Premier tires are safe because of EverGrip™ Technology. Wet combines an evolving tread with a high-traction compound for enhanced stopping capabilities. Based on lateral wet braking performance from all-steel tires versus Goodyear® Assurance® TripleTred™ A/S tires in sizes 225/50R17 (200), and P175/60R16 (200), Bridgestone® Turanza™ Energy Plus in size 215/60R16 (200). Using MICHELIN® Premier® A/S tires in size 225/50R17 (200) and 215/60R16 (200), buffed to 5/32" of tread. Actual on-road results may vary.
