Investing Upstream to Enhance Our Competitive Strengths and Drive New Growth

■ Support growth:

- *Mixing facilities*
- *Cable capacity*
- *Elastomer capacity*

Investing Upstream to Enhance Our Competitive Strengths and Drive New Growth

■ Improve Michelin Total Performance: ~€150m per year

- *Materials = primary innovation vector*
- *New synthetic rubber grades*
 - Improve the balance of performance
 - Optimize process productivity
- *Metals:*
 - Improve the endurance of Truck and Earthmover tire casings
- *Molds:*
 - Manufacture complex-design tread

■ 2012-2015 capex : €500m to €550m per year

Upstream Vertical Integration: a Key Driver of the Premium Strategy

■ Make or buy criteria

- *Maximize innovation-driven value for the Group & enhance the Group's expertise and technological leadership*
 - **Synthetic rubbers (~35% internally sourced)**
 - **Truck and Earthmover tire cables (~70% internally sourced)**
- *Secure procurement*
 - **By controlling the competitiveness of internal costs vs. prices offered by our major suppliers**
- *Secure ROI*
 - **Tire performance enabled by vertical integration is a key lever for Michelin tire value**
