

COP21 IN 3 GUIDES AND A UNIQUE PAMPHLET

For delegates taking part in the COP21 Conference, the Michelin Group has designed a special boxed set containing three guides and a unique pamphlet. Michelin wanted to make its expertise in maps and guides available to people from around the world who will be visiting Paris. Including gourmet restaurants, cultural venues and shopping spots, this collection of "must visit" places can fit into your pocket or handbag. The 60,000 copies created and published especially for COP21 will be given away in special event locations.
