**WE HAVE  
 SLIGHTLY  
 MODIFIED THE  
 MEDIUM FRONT  
 COMPOUND**

Mandalika is an extremely demanding circuit for drivers, machines and tires.

For this fourth visit, we have slightly modified the Medium front compound, while the Soft and Hard remain unchanged. We considered this adjustment necessary given the data collected last year. The layout, with its numerous sequences of corners, will particularly highlight the consistency and versatility of our tires. Last year, track surface temperatures nearly reached 60°C on both Saturday and Sunday. Located by the sea, the circuit can also bring unpredictable conditions, with high humidity or sudden showers. In any case, we are confident: our tire package is designed to cope with all these situations.
