## MILEAGE WARRANTY CONDITIONS AND LIMITATIONS

### DOT-Approved Competition Tires

DOT-approved competition tires are excluded (e.g., Michelin Pilot Sport Cup 2 tires).

### Zero Pressure

**ZP** (Zero Pressure) tires have the same mileage warranty as the standard tire line they are part of, not to exceed 30,000 miles.

#### EXAMPLES:

- Michelin Pilot Sport PS2 – 20,000 miles
- Michelin Pilot Sport PS2 (ZP) – 20,000 miles
- Michelin Pilot Sport A/S 3+ – 45,000 miles
- Michelin Pilot Sport A/S 3+ (ZP) – 30,000 miles

**PAX** System tires are covered by a 36,000-mile limited warranty.

### Winter Tires

To maintain coverage under the limited warranty for treadwear, Michelin Winter tires require documentation of the timing of the installation and removal of the tires each winter. Winter is defined as the period beginning no earlier than September 1 of a given year and ending no later than April 30 of the following year.

### Light Truck Commercial Tires

Tires intended for commercial use on light truck and cargo vans are excluded (e.g., Michelin Agilis CrossClimate tires).

### Split Fitments

Some vehicles come from the vehicle manufacturer with “split fitments” – meaning different sizes of tires on the front and rear axles. Because these tires cannot be rotated as recommended by Michelin, the mileage warranty on each tire will cover half the number of miles as the standard mileage warranty for that particular tire design.

#### EXAMPLE: 2008 BMW M3

Michelin Pilot Sport PS2 with 20,000-mile limited warranty  
Front: 245/40R18 (10,000 miles) Rear: 265/40R18 (10,000 miles)

### Original Equipment Tires

Michelin does not cover Original Equipment tires for mileage.
