MILITARY AVIATION

MICHELIN

A FEW INCHES² OF ULTIMATE PERFORMANCE

Radial technology is primarily used for fighter jet tires. Radial tires are lighter and recognized for their excellent reliability and superior performance.

MICHELIN[®] AIR X[®] RADIAL TIRES

Provides Peace of Mind

- Exceptional resistance to foreign object damage (FOD).
- Michelin is a trusted brand of aircraft manufacturers.

Reduces Operating Costs

- Radial casing design helps to provide more landings.
- Designed to burn less fuel.

Environmentally Friendly

- Radial tire construction is designed to utilize fewer components.
- Less fuel used means less CO2 emissions.

MICHELIN[®] NZG RADIAL TECHNOLOGY

MORE LANDINGS

Extra strong radial casing design Flexible radial casing reduces tread squirm.

LABOR SAVINGS

Fewer tire changes due to more landings.

FUEL SAVINGS

Lightweight radial design = measurable savings and increased range.

WEATHER PROTECTION

Special sidewall compounds for longterm ozone and UV light protection.

RESISTANCE TO FOREIGN OBJECT DAMAGE (FOD)

Ultra-strong NZG technology.

MICHELIN® AIR® BIAS TIRES

MICHELIN® bias tires offer proven performance and reliability, and are ideal for demanding applications with heavy load requirements.

TRANSPORT

- Strong tire sidewalls help reduce tire damages when landing on rough surfaces.

HELICOPTERS

- Bias technology better meets the helicopter tire stiffness requirements.

MICHELIN® BIAS® TECHNOLOGY

OUTSTANDING VALUE

- A quality MICHELIN tire at an excellent price.

WEATHER PROTECTION

- Special sidewall compounds for longterm ozone and UV light protection.

WET GRIP

- Designed to provide excellent hydroplane resistance.

OUTSTANDING STABILITY

- Extra-strong sidewalls for enhanced nose landing gear safety.

EXCEPTIONAL BALANCE

- Exclusive manufacturing process results in built-in balance for smooth taxing and even tire wear.

OF THE BEST BALANCE

A FEW INCHES² OF BOLD INNOVATIVE ADVANCES

A TECHNOLOGICAL LEADER IN THE AVIATION INDUSTRY

Backed by a multi-million dollar R&D budget, Michelin is a driving force for innovation in aircraft tire technology.

A long-term commitment to military aircraft manufacturers:

- Commitment to support key military aircraft development like the F35 Program and Eurofighter.
- Capability to supply tires for the length of the aircraft life.

TOP-QUALITY SERVICE AROUND THE GLOBE

Michelin's military tire expertise can be delivered worldwide. We have a dedicated sales force and customer support engineers around the globe to best serve your needs.

MICHELIN® aircraft tires or tubes have no age limit and may be placed in service, regardless of their age, provided all inspection criteria for service/storage/mounting and individual customer imposed restrictions are met. (source: Care & service manual)

A FEW INCHES² OF PIONEERING HERITAGE

FOR MORE THAN A CENTURY ENHANCING MOBILITY IN THE AIR SINCE 1908

In 1908, when manned flight was still in its infancy, the Michelin brothers understood the full potential of this new form of mobility and proposed a contest to encourage the development of the aviation industry. They were among the first to realize the power of aviation in combat and encouraged the progress of the military aviation industry.

DID YOU KNOW?

ANDRÉ MICHELIN WAS A CO-FOUNDER OF THE AÉRO-CLUB DE FRANCE CREATED IN 1898.

HIGHLY-EXPERIENCED AVIATION EXPERTS

- Michelin's aviation business unit includes a dedicated team of technical experts and sales professionals devoted strictly to aircraft tires.
- Michelin provides expert tire program solutions including tire care, service training and technical visits.
- Michelin offers worldwide coverage through an integrated global team that shares best practices across all disciplines.
- Michelin has a long and storied history in aviation dating back to 1908.
